Alive Forever More.

Fred R. Compton, born near Perryville, Ky., July 4, 1840, departed this life Aug. 12, 1908. He came to Milleville in 1865, where he taught school at the old Sandidge school house for some time. This is of blessed memory to many of his pupils who survive him. Soon he became engaged to the daughter of William B. Braxdale and was married March 11, 1869. For some time he had been in bad health, but all thought he was improving. To our surprise early on the morning of the 12th, calmly his spirit passed away. The death angel came while all was quiet; called him to go up higher, where his pains and sufferings would cease. It seemed that he was rather aware that soon he would be gathered home to his loved ones, as he talked of his children and wept. Three sons and a beautiful daughter were taken some years ago and of these he talked and wept.

To the bereaved ones I would say: Weep not, but rather rejoice that our loved one has only been liberated from this earthly prison to live a more beautiful life. We can by faith see him reunited with his children, whom he so dearly loved. No more shall he be handicapped by the crutch or cane for he has been made whole. He was ever a devoted husband and a kind and loving father. We shall miss his incoming and outgoing among us, but soon we shall see him and rejoice together forever more. His life was a living epistle, known and read among men. He leaves no enemies, but instead a loving and beautiful life for his Master. God grant that those who are near and dear to him may strive to emulate his life and at last receive that welcome plaudit: "Come ye blessed of my father and inherit the kingdom of heaven."

We can only say, "Farewell dear husband, father and loved ones; we will meet you there." May you slumber gently in the dust, while your spirit has gone to Him Who gave it, until the body and spirit shall again be united. The remains were laid to rest in the family grave yard, where side by side now slumber the fifth one of the home. He leaves a wife, two sons, two brothers, one sister and a host of relatives and friends to mourn his loss. Farewell, we miss you and our hearts are sad,

But death has no sorrow that heaven can not heal.
A nephew, WALLACE.

August time, tells on the nerves But that spirit less, no ambition feeling can be easily and quickly altered by taking what is known by druggists everywhere as Dr. Shoop's Restorative. Within 48 hours after beginning to use the Restorative, improvement will be noticed. Of course, full health will not immediately return. The gain however, will surely follow. And best of all, you will realize and feel your strength and ambition as it is returning. Outside influences depress first the "inside nerves" then the stomach, Heart, and Kidneys will usually fail. Strengthen these failing nerves with Dr. Shoop's Restorative and see how quickly health will be yours again. Sold by Penny's Drug Store.

A chance to show your politics.
A chance to show your grit,
A chance to help Democracy
A very little bit;
Just send along your dollar
And pray that it will earn
A victory in November
For Bryan and Kern.

When the Stomach, Heart, or Kidney nerves get weak, then these organs always fail. Don't drug the Stomach nor stimulate the Heart or Kidneys. That is simply a make-shift. Get a prescription known to Druggists everywhere as Dr. Shoop's Restorative. The Restorative is prepared expressly for these weak inside nerves. Strengthens these nerves, build them up with Dr. Shoop's Restorative-tablets or liquid—and see how quickly help will come. Sold by Penny's Drug Store.

The Alabama Railroad Commission has filed a complaint with the Interstate Commerce Commission protesting against the recent increases in freight rates by the roads of the Southeast. It is charged that the agreement constitutes a violation of the Sherman anti-trust law.

Weak women should read my "Book No. 4 for Women." It tells of Dr. Shoop's Night Cure. Tells how these soothing healing, antiseptic suppositories, bring quick and certain help. The Book is free. Address Dr. Shoop, Racine, Wis. Penny's Drug Store.

The jury in the case of Jake Ellis, charged with being a night rider, failed to agree at Murray, after being out 48 hours. The poll of the jury showed eight for acquittal and four for conviction.

Stanford Graded School.

NEW DEPARTMENTS AND PROGRESS.

In view of the fact that last year was the most fruitful of good results and from every standpoint the most prosperous in its history, we desire to express our gratitude to each and every one who has so materially aided in the work. More pupils from other districts attended last year than ever before. At this juncture we wish to call the attention of the citizens of Lincoln county to the increased advantages to be had in the High School and Graded School at our county seat. The departments of vocal music, public speaking and physical culture have been, as Milton said, "Such sweet compulsion doth in music lie." Who does not wish to have compelling power and too, such sweet compulsion. Shakespeare says: "Mend your speech a little lest it may mar your fortune." Although this was said by King Lear too, in regard to his inheritance, it may just as appropriately be spoken of that fortune acquired by one's own effort. He who can best express himself in his chosen field, has a decided advantage over one slow of speech and ill at ease. It is the earnest wish of the management that these courses be well patronized.

MUSIC.

Music is a primal element in culture, more especially because it makes its most direct appeal to the mentioned nature or we might say to the spiritual nature. We feel with the Bard of Avon that:

"He who hath no music in himself
Is fit for treasons, stratagems and
spoils."

But music not only refines and ennobles, it is an intellectual factor. It aids and sustains one in the quest of his nature for the highest and noblest achievement. One has said that the study of music is a liberal education. We may not go so far, but we can say unreservedly that it is a most potent factor in a well-rounded education.

EXPRESSION OR ELOCUTION.

What parent in public or private life has not felt the need of giving free and forceful expression of his thoughts. Churches have their convocations, where both laymen and ministers are to give their views. Bankers have associations when they should be prepared to give clearly their ideas. Teachers call institutes and gatherings where pure expression counts for much. Lawyers have need of silver tongues which move to tears or provoke wrath. Thus it can be plainly seen that one without this training is handicapped. Whatever line one wishes to pursue, this work is valuable. Labor unions have their speakers, farmers their institutes and so on, ad infinitum. May each parent see the need of special instruction in this department and encourage the study of this art.

PHYSICAL CULTURE.

Sana mens in sano corpore is the ideal. Too many strong minds are in weak bodies and vice versa. A well-directed course in physical culture would in many cases develop the body so that the mind will act and the brain work most effectively. This department has also been added. And it is to be hoped that a desire for more perfect bodies may induce quite a number to take this course. Remember that the Stanford Graded and High School will begin Monday, Sept. 7. Ask for catalogue. Citizens of the county will find it cheaper and better to patronize home schools. Send all the first day.

The State is obliged to give an elementary education so as to make better citizens. Upon the teacher rests the obligation to do thorough, conscientious work in instruction. Upon the parent lies heavily the obligation to secure a prompt and regular attendance and to co-operate with the teacher in securing devotion to duty. May each parent realize fully the necessity of sending every day, for:

"Well may we count that day lost whose low, descending sun, views from thy hand no worthy action done in the highest and noblest work and most profitable labor, if such we may call it, of securing an education."

We hope for a freer and heartier cooperation than ever before and may we expect to have it. Looking forward to a most successful year and coveting the help of all interested in education, we shall look for all of those of school age in District No. 1, and for a goodly number from the various districts of the county on Sept. 7, 1908.

J. W. IRELAND, Supt.

Served as coffee, the new coffee substitute known to grocer's everywhere as Dr. Shoop's Health Coffee, will trick even a coffee expert. Not a grain of real coffee in it either. Pure healthful toasted grains, malt, nuts, etc. have been so cleverly blended as to give a wonderfully satisfying coffee taste and flavor. And it is "made in a minute," too. No tedious 20 to 30 minutes boiling. Penny's Drug Store.

He advises the Auditor to take the matter to the courts for decision.

Regarding the story published in the Louisville Post that W. S. Taylor will return to Kentucky, Gov. Willson said: I have positively talked with no one upon the subject of having Mr. Taylor brought back to Kentucky or his voluntary return to stand trial, nor have I considered the case in any way with respect to politics. There is absolutely no foundation whatever for the reference which is made to me and what I will do in the paper's story this afternoon.

The grand jury of Calloway county brought in a report exonerating Judge Cook and Commonwealth's Attorney Smith from having any relations with night riders. The grand jury made a thorough investigation of rumors connecting the two officials with the outlaw bands that have terrorized Southwestern Kentucky for some time, at the suggestion of Judge Cook. After the report the special term of the Calloway Circuit Court adjourned. A few hours after adjournment a barn was burned in the county. The fire was attributed to night riders.

Sheriff George W. Coulter, of Danville, has returned from Pueblo, Col., bringing with him E. Burns, who was captured there by the Pinkerton detectives. Burns is 80 years old and requires two canes to walk. He came to Danville last Spring as a railroad contractor and took the contract for grading the Danville-Scottsville railroad from McKinney to Columbia. J. F. Allen, president of the road, accepted the proposition and Burns flashed a draft for \$12,500, drawn by the First National Bank of Gainesville, Ga., on the Hanover National Bank of New York. Burns requested Allen to indorse the draft and permit him to draw \$2,500, the difference between the \$10,000 bonus and the face of the draft, from the Boyle National Bank of Danville. Burns drew from the bank \$2,000 and immediately left town, and in the regular course the draft was returned marked "bogus."

Fire totally destroyed the general merchandise store and residence of J. R. Alexander at Wilmore. The exchange of the Jessamine Home Telephone Co., which was located in the second story of the store, was also burned. The origin of the fire is not known, but it started in the rear of the store. Miss Lucy Case, the telephone operator, was awakened by the smoke and narrowly escaped death in the burning building. Loss \$15,000.

A sensation was created at Junction City when Mrs. Effie Clarkson, of Indiana, swore out a warrant against Eugene Hocker, colored, charging him with attempting to detain her against her will. She had started to see her sick mother at Ellensburg and the Negro was engaged to drive her to that point, 15 miles distant. He acted in such a desperate manner and frightened Mrs. Clarkson so badly that she got out of the vehicle at Moreland and telephoned for the officers. Hocker was landed in jail and excitement ran high at Junction City for a while.

If Thaw's bookkeeping is correct he paid to those who have assisted him as he has faced juries and made legal dashes for liberty a total of \$439,500, and he has claims outstanding against him amounting to \$453,140. This is a total of nearly a million, or at the rate of half a million a year. In the days that Thaw was tucking \$50 bills in the bouquets he sent to chorus girls he was not able to burn up money as fast as eminent counsel have incinerated it. The defense of alleged criminals is usually not a paying business, but the rich man in trouble provides fatness. Like the doctors, the lawyers seem to think that the opulent should make up what the poor were unable to pay.

"TAFT, Sherman and Prosperity" is the slogan of the republicans. Of course neither Messrs. Taft nor Sherman are responsible for the present hard times, but it must not be forgotten that Taft's creator—Roosevelt—is still in power and that the panic is not yet a memory.

PEOPLES are either going barefooted or patching their old shoes to the limit in these hard republican times. Shoe shipments from Boston during the six months declined 40 per cent. In no previous year has a decline exceeded 12 per cent.

RODMAN WANAMAKER with \$4,000,000, is the most heavily insured man in America. This may be some gratification to his vanity, but as he has to die to win, his heirs will get the real gratification.

POLITICAL.

Minnesota Democrats will hold their State convention in Minneapolis on Wednesday.

The democrats of Marion county will hold their primary Nov. 28 to nominate county officers.

Representative Ollie James was one of the speakers Saturday at the outing of the Cincinnati Democratic Club.

William J. Bryan, the Democratic nominee, will deliver a speech on the tariff at Des Moines, Ia., on Friday.

One of the republican candidates for Congress in Oklahoma, H. S. P. Stanford, is making use of moving pictures in his campaign.

The latest political conundrum is this: What is the difference between Buffalo Bill and Bill Taft? Buffalo Bill has a show—Advocate.

According to statements given out in Chicago the Democratic national campaign fund will be raised through appeals made to the individual States for contributions.

A party of several hundred Nebraska farmers called on Mr. Bryan at Fairview and presented him a "big stick" gourd. Mr. Bryan acknowledged the gift in a brief speech.

Two Negroes, evidently trying to escape from Springfield, Ill., were pursued by a mob and captured at the State Fair grounds. Both were wounded. Two of the mob's victims previously wounded died.

E. W. Chafin, the Prohibition candidate for President, will be formally notified of his nomination to-day at Chicago.

John W. Kern, democratic nominee for vice president, will speak in Louisville during the Kentucky State Fair, either on Southern Indiana day, Sept. 16, or on Military Day, 17.

Hon. B. J. Bethurum, of Somerset, was nominated for Commonwealth's Attorney by the republicans of that district without opposition. He has made a most excellent official and we are glad his party has so honored him.

Gen. Luke E. Wright, the Secretary of War, held a long conference with William H. Taft, at which affairs of the department were discussed. Gen. Wright accepted Judge Taft's advice on several important matters connected with the Philippines and Panama.

Belated reports from outlying voting precincts confirm the first reports that James Wickersham, of Fairbanks, has been elected delegate to Congress from Alaska. His plurality will probably be in the neighborhood of a thousand. It is estimated that 12,000 votes were cast.

Congressman James S. Sherman will be officially informed of his nomination as vice presidential candidate by the Republicans in Utica. Senator Burrows, chairman of the Notification Committee, will deliver an address on behalf of the committee, and Mr. Sherman will respond.

Judge Harmon, at the outing of the Cincinnati Democratic Club Saturday, declared that if he is elected Governor he will see that the cities of Ohio are cleaned up. He criticised the failure of the prosecuting attorneys to follow up the corruption exposed by the Cincinnati Lexow Committee.

John G. Carlisle, secretary of the treasury under Cleveland, expresses his opinion of the political outlook as follows: "Taft has the best of it and will probably be elected. But the fight is not as one-sided as in the past, and a number of things may happen in the next few months to give the election to Bryan."

Chairman of the State Democratic Committee Conners has this to say about Bryan: "William J. Bryan will carry New York State by from 75,000 to 100,000. Bryan is the strongest Democrat in New York to-day. We will carry Erie, Niagara, Chenango and 15 or 16 other counties. Kings county will roll up a big majority and other boroughs of Greater New York may be depended upon to add a sufficient Democratic plurality to wipe out the Republican plurality up State. In my opinion, whoever is nominated by the Republicans will not carry the State above the Bronx by more than 50,000 or 75,000."

IN MEMORIAM.

There is never a time when death is not sad, but especially is it sad to see the cruel hand of death laid upon a young man just as he is entering upon life, as it were. Such was the death of Dunn Goode, which occurred Aug. 12. Much sympathy is felt for the bereaved parents of this noble young man. In his death they lost their only child—a daughter having died just one year ago.

Although the cloud of grief hangs very dark over the fond father and mother, yet there were many things in the life

of their son that should be a great comfort to them in this dark hour of affliction.

Dunn had always been a good, noble boy and his devotion to his parents, especially to his mother, was very strong.

Being of a kind, generous nature, he was a favorite with all who

knew him, and many are the friends

who grieve at his untimely death.

His health had been poor for about a year, and for several months he was confined to his home and bed, all of which sickness and suffering he bore with Christian fortitude.

He was a member of the Baptist church and died triumphing in a Christian's faith. For several weeks he had fully realized that he could not recover, but felt perfectly resigned to the will of the Lord, and repeatedly told his mother and others that he was ready and willing to go to his Lord and Savior.

He gave directions about his funeral and talked of his death as calmly as if he were preparing for a journey. And, indeed, if we, with our mortal vision, could only catch a glimpse of the glory of that heavenly home, to

which he has journeyed through the dark portals of death, methinks our hearts would be filled with ecstatic joy instead of sorrow.

A FRIEND.

The second lynching of the Springfield Ill., riot occurred Saturday night.

A Negro was strung up to a telephone pole by a mob of such proportions that firemen and police who responded to the first alarm were unable to handle it.

Re-enforcements of troops were sent for and dispersed the mob, which was of such proportions as to be almost beyond control. A white man was killed by Negroes on the outskirts of the city. More houses were burned and there were outbreaks of varying proportions in various parts of the city.

CHURCH MATTERS.

Eld. Joseph Ballou will lecture at the Christian church next Sunday morning at 10:45.

Church bell ringing in London has become such a nuisance in some quarters of the city that the bells are muffled on week days.

Revs. Irving and Day, Seventh Day Adventists, are holding an interesting meeting in a tent near the bridge over Hanging Fork on the Danville pike.

Rev. W. G. Montgomery will begin a protracted meeting at the Junction City Christian church Sept. 7. Rev. Boswell, of Chattanooga, will assist him.

Rev. P. H. Davis closed a successful meeting at Hubble Sunday night. There were 13 additions to the church. Rev. Davis' two daughters conducted the singing, which was a good feature of the meeting.

Excellent Health Advice.

Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at Penny's Drug Store. 50c.

Stephen Diesback, a showman, of Watsontown, Pa., was brutally murdered in his tent at the Bluegrass Fair grounds, Lexington. Diesback exhibited a pony which he said was the smallest in the world. He was struck on the head with a tent pin. The motive of the murder was robbery as \$200 was missing when the murdered man was found.

The Babies' Milk Fund Association of Louisville, which has been furnishing daily supplies of milk to infants of poor people for 10 cents a day, each, has decided to lower the price to 5 cents a day. The association will also open up a second dispensary in the Western part of the city.

Hundreds of fish made drunk by whisky which flowed into South Elk Creek from the recent distillery fire at Midway have been caught by anglers. After a few hours in clear, pure water they were made fit to eat.
